*REBEL
RUNNERS "STRIDE"
TO SUCCEED*

The Cross-Country teams put out a great effort this year despite the majority of underclassmen. The boys worked hard this season with the help of coach Randy Cole. With the Rebel's youth the team has much to look forward to in the near future.

GIRL'S CROSS COUNTRY SHOW WHAT THEY'RE MADE OF....

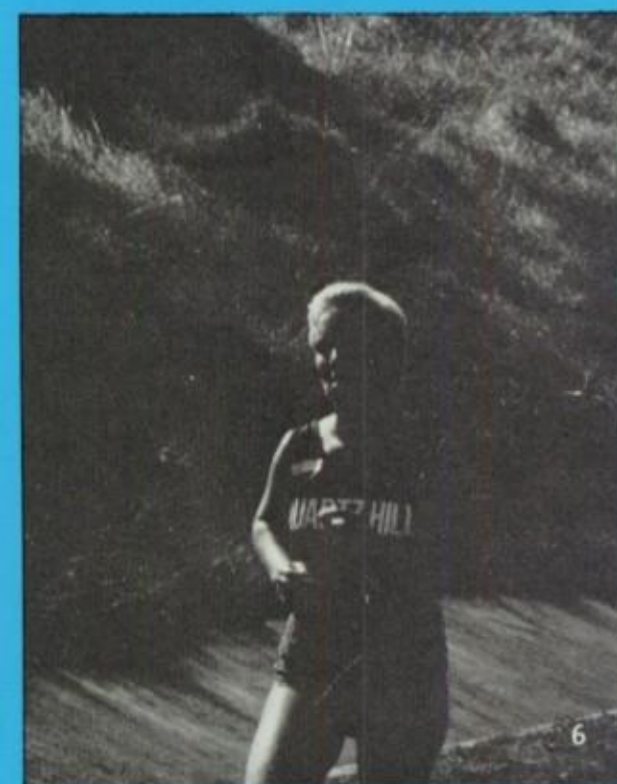

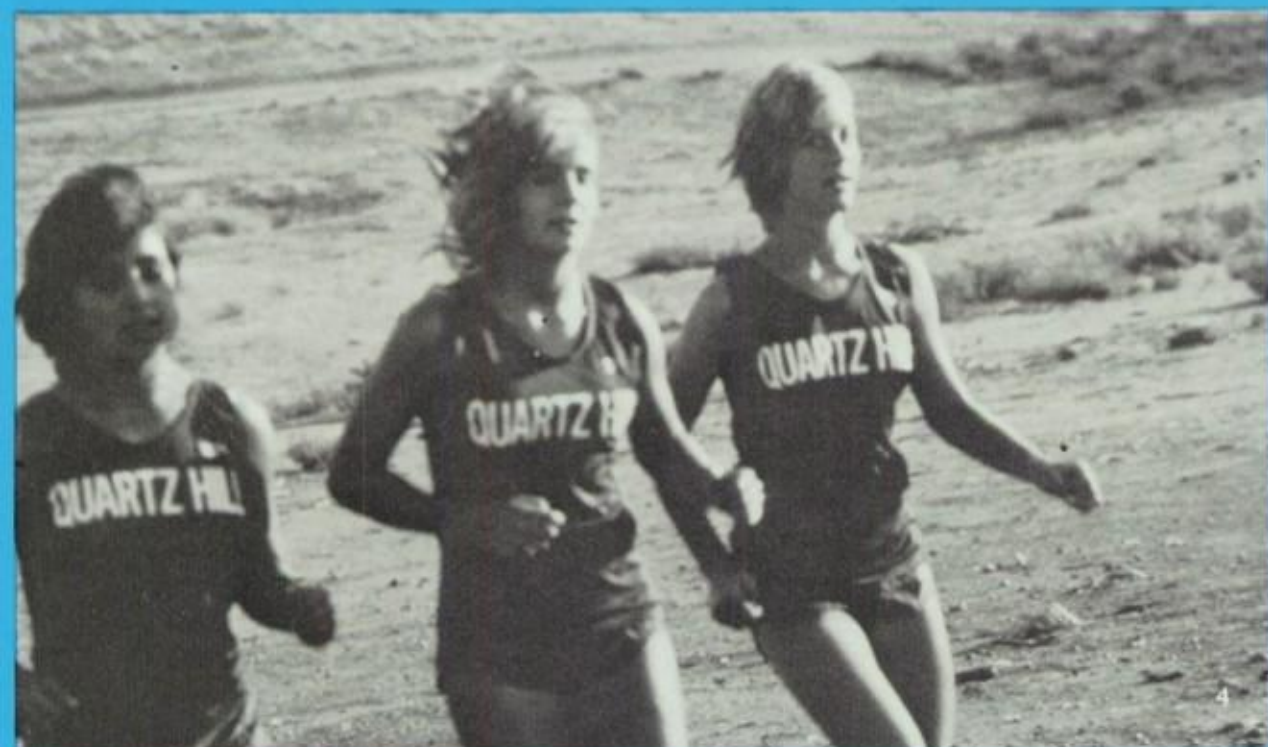

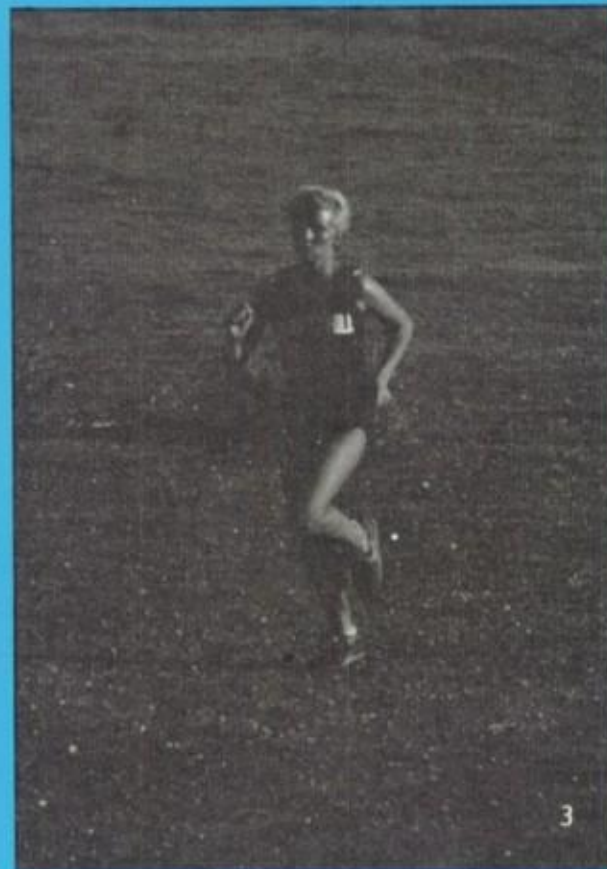

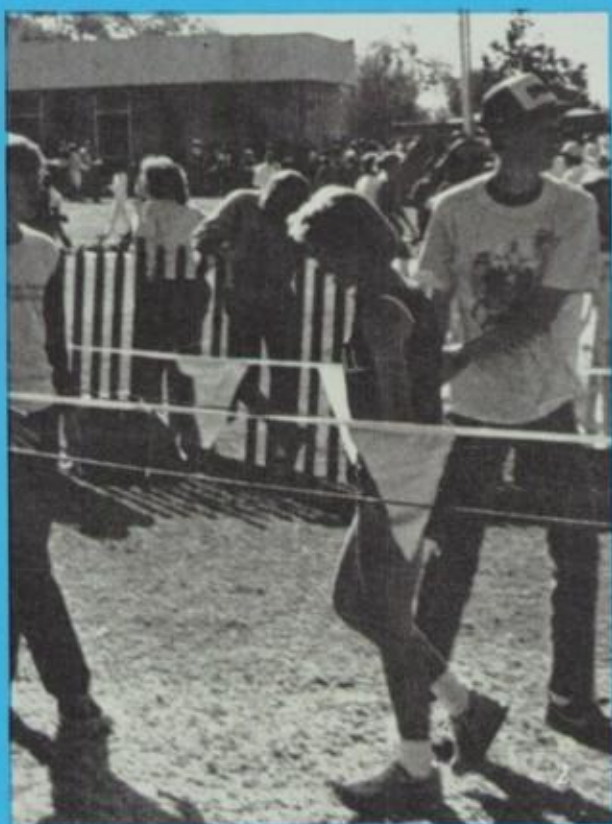

In a rebuilding year with the change of coaches the girl's Cross Country Team had an excellent season. Although they placed 3rd in league they made a come-back and qualified for CIF by placing 8th overall in Southern California Section 3A. This feat was accomplished by a team with only 2 Senior runners. Next year's team should have a great season to look forward to with all of its returning young talent.

CHAMPS AGAIN

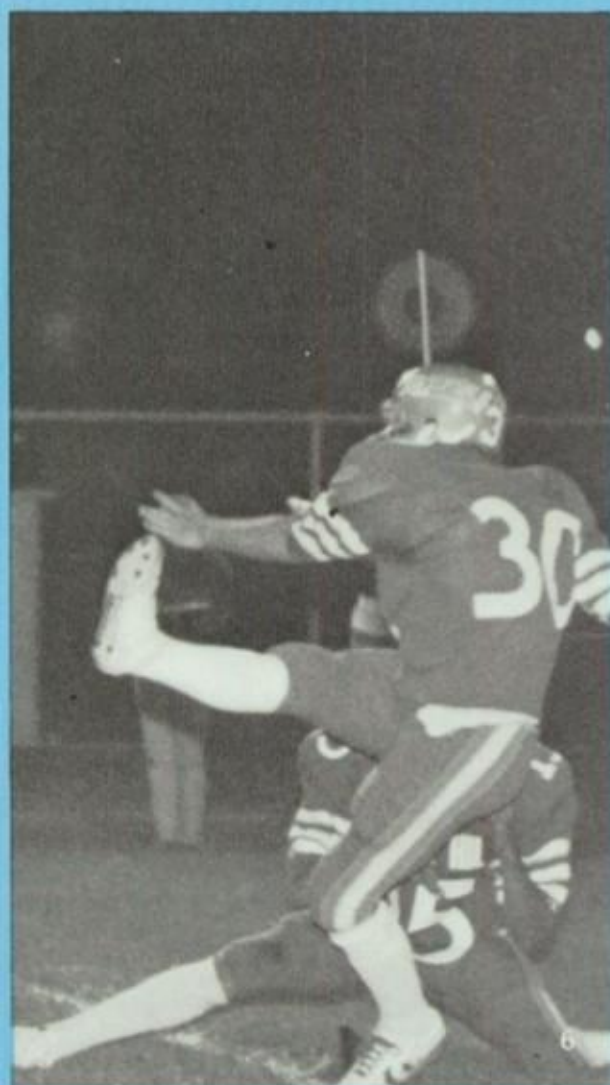

Champs Again ... taking the hard earned and well deserved 2nd place in C.I.F. for the third consecutive year. The number one singles player Stephanie Inouye, never losing a set, and the number one doubles team of

Angela Baker and Heather Hoblitt winning many games for the Rebs, kept us on top. This year the team will lose 4 seniors but the J.V. team had a good year too and will have a good team next year.

VARSITY WORKED STRONG AND HARD

This year's Varsity Football Season had lots of ups and downs. The Rebs started off fast, but then ran into a lot of bad breaks. The offense was led by Senior Aaron Emmanuel, who had another great year by rushing 1948 yards, and on defense led by Seniors Kevin Curtis and Keith Deville. The Rebels also had the leading punter in the Southern Section Junior Matt Marris with 39.9 punting average.

VARSITY GOES CIF

This was a good year for the volleyball team and their coach Ms. Thomas. The Varsity team went to C.I.F. and placed 3rd. The team this year was very energetic and full of enthusiasm. Among the top players were Natalie Bandel, Katie Biggers, Kala Shute, Marcy Bort and Cindy Roarty.

J.V. AND FRESHMAN HIT FOR VICTORY

The Junior Varsity and freshman Volleyball teams demonstrated their skill and spirit throughout this years season. Through the talent of their coach Denise Shook, combined with the dedication of the players made this year one to remember. Among those instrumental in the victories of the teams were; #25 Sheri Klein, #4 Michelle Cokely, and #22 Julie Berthiaume.

The Rebels had a tough year but they made the best of it with their team consisting of 4 seniors, 4 juniors, and 2 sophomores. With Coach Moore and Team Captain Bob Johnson, the Rebels tried their hardest. Next year will be an exciting one with all the upcoming players, but they will miss the expertise of all the outgoing seniors.

FROSH AND SOPH- "SHOOTING UP"

The Junior Varsity Basketball Team was fairly good this year. They had 3 wins and 7 losses.

The starting players were Charlotte Fritzges, Lena Acuna, Ruth Johns, Nona Lewallen, Jean Ramos, and Deanna Robbins-Alternate. These determined, outgoing girls were under the direction of Coach Debbie Shout.

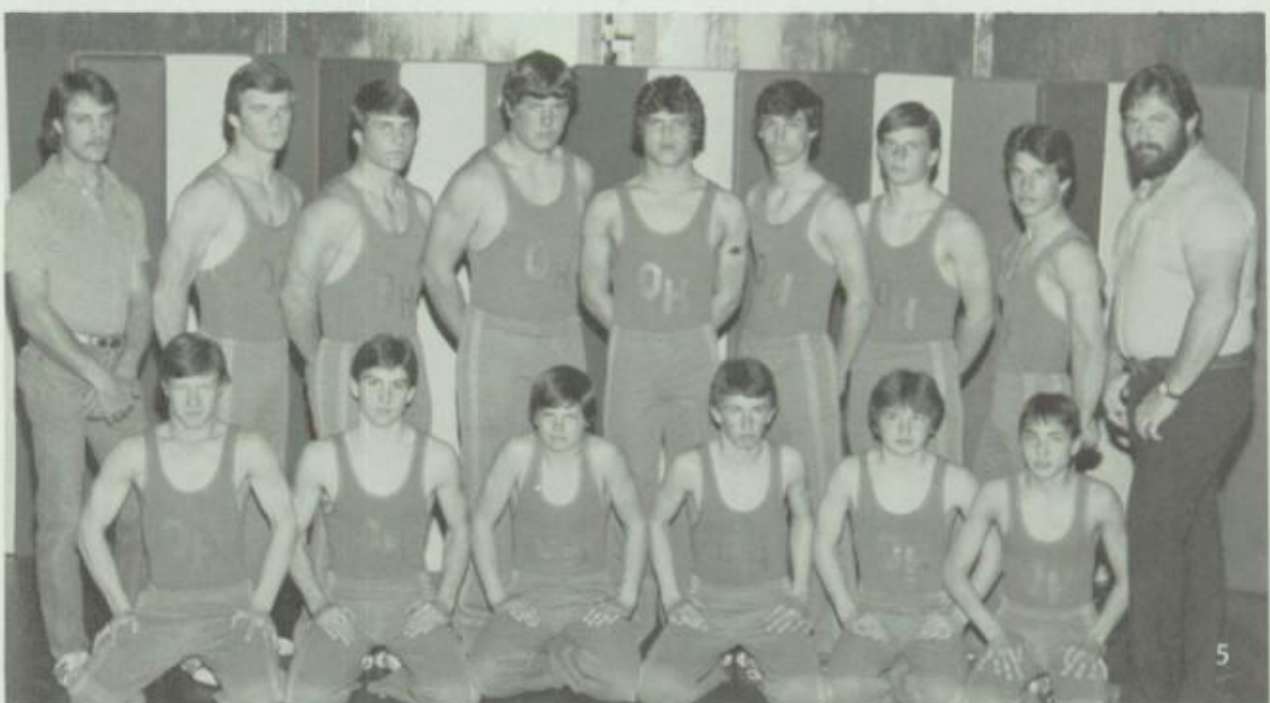

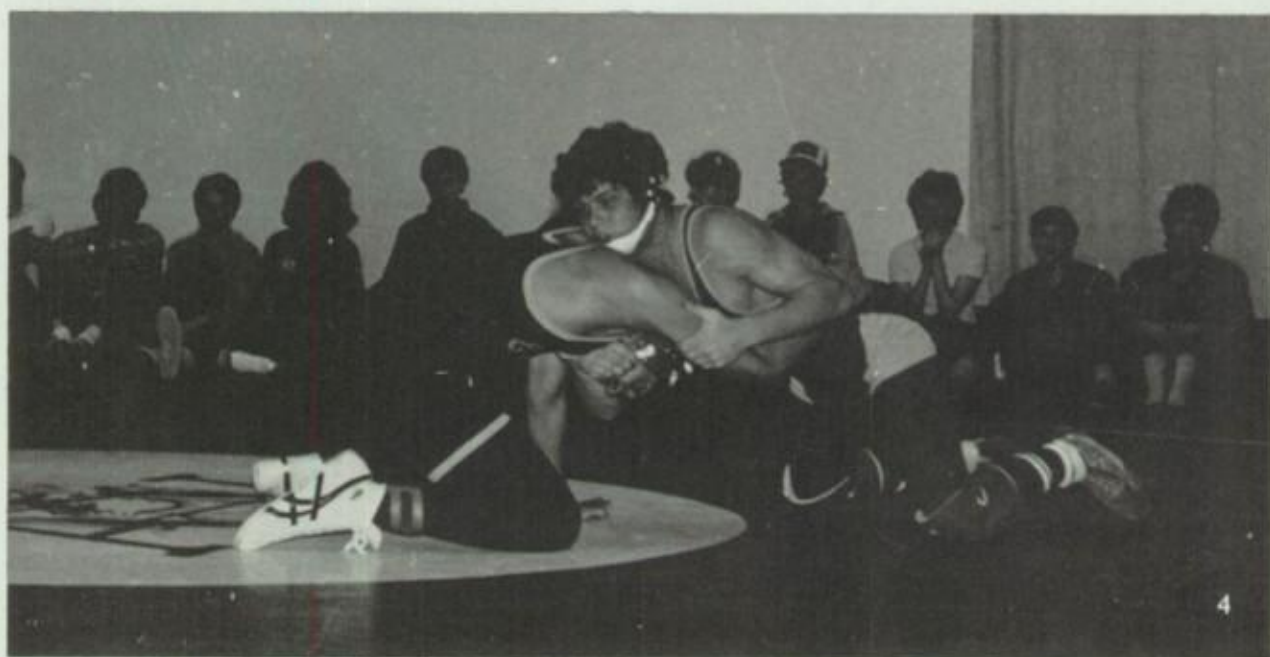

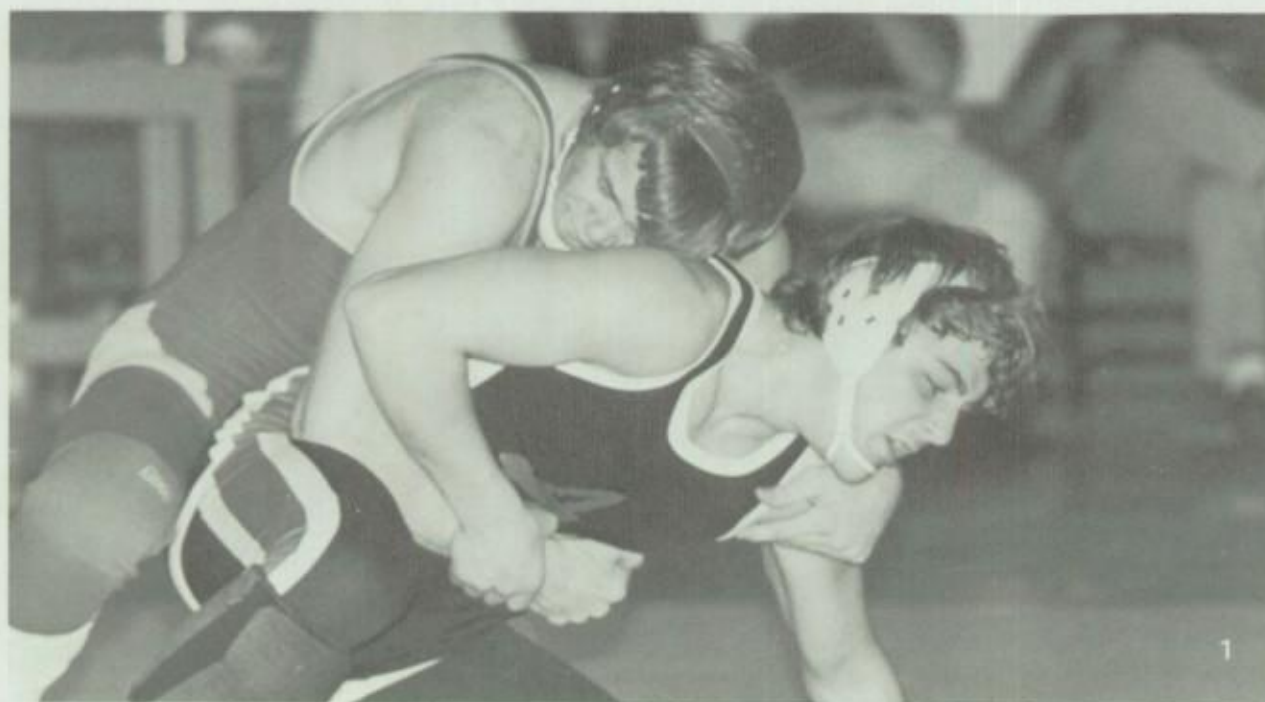

The Freshman team were hard working good group. With their ability, they should make the girls program stronger in the future years.

It was an exciting season for the Quartz Hill High School Wrestling team, the wrestlers worked their way up to the Golden League, where they were undefeated. Mike Delesdernier, Mike Stokes, Roger Horning, Steven Conner and Todd Phillips placed first in their weight categories. Jimmy Maricich and Ronnie Coleman took a second place in their weight categories. Our wrestling team has provided us with a winning tradition Quartz Hill can be proud of.

JV TIES UP THE SEASON

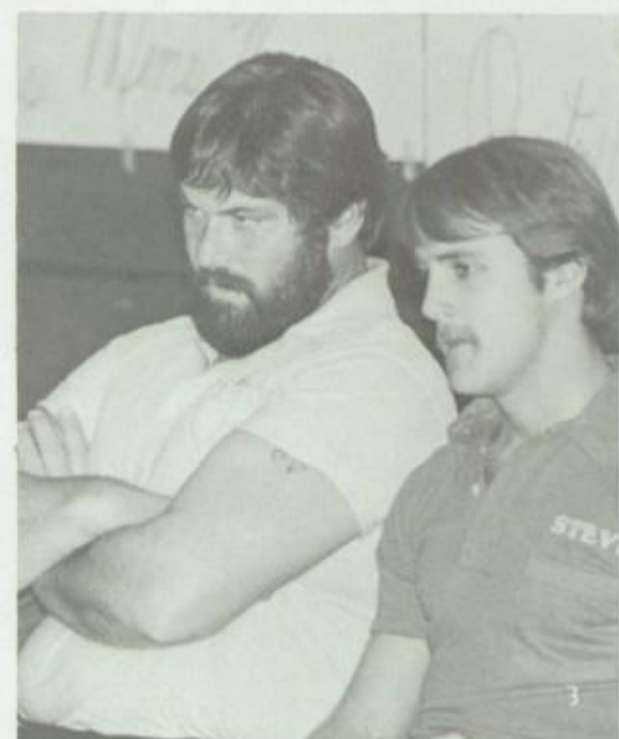

The Junior Varsity proved they had the will to win and the endurance to do so. The J.V. team maintained a 1-1 season. They also placed second in the Golden Leagues. Coach Harris, thanks, for such a promising team.

BEST LITTLE HORROR HOUSE IN A.V.

This year Quartz Hill High had it's own hoe-down barbecue. The faculty showed it's spirit and involvement by serving the students barbecued chicken and hamburgers. The whole day was a great way for students and faculty to mingle together. Halloween was also a fun day for dressing up. Students and faculty got the chance to show their true selves on Halloween. All together they were both great successes.

My hero,
If there is anybody I would call a hero in Norway it must be our King, King Olav V. He is now 82 years old and has reigned since 1957. He symbolizes the unity of the country and presides over the cabinet. He is also the commander-in-chief of the country's armed forces. He is the head of the Church of Norway, to which he himself and at least half of his cabinet must belong.

Our King has always been very interested in sports, and everytime we have a big competition during winter or summer with sports, he is always there to watch. His favorite sport is sailing, and he has won quite a few races during the years.

He is also very caring towards the people. He goes on trips and talks to the people. Once when my cousin (she was then 5 years old) was out with her parents cross-country skiing, they met an old man, he stopped and asked my little cousin what the name of her stuffed animal was, and then he told her what his dogs name was. My aunt and uncle didn't realize who it was until after he had passed them. It was the King.

He has done a lot for our country, and I think I can speak for every Norwegian when I say that we love our King.
Tone Knudsen.

What is hero for me? Who is my hero? I spent a longtime thinking about it finally I found out that my hero right now, is some-

body that I don't know. My hero is the person who, back in time, initiated the exchange student program, and made possible for me to have this terrific year.

I would like to thank all my friends and members of Q.H.H.S. and especially my family for all the love and care during my stay here and I also want to let you know that all the great memories I made in America, I'll carry inside my heart forever.
I'll see you all later
Marcelo Braga de Carvalho.

Definitely, I don't have a hero, but I would like to dedicate this paragraph to the Brazilian people, who have trusted their new president. They hope that in his mandate, they will have a new style of life, and will belong to a fair society in which everybody will have the right of opportunities to develop their potentials and to work together as a whole.

That has so much in common with exchange experiences. Because our objective as foreign students is not only notifying different customs, but also a better knowing ourselves in order to participate in a group as an active member looking for respect, justice and peace in our minds.

I would like to thank everybody who has helped me to improve my experience and especially my family that has given me much more than that they have given me love!

INTERNATIONAL EXPRESSION OF HEROS

Although I don't have any particular heros, there are a lot of good and interesting men and women from different countries that I admire. It's hard for me to make a choice because they all have their qualities and defects, but since I'm from France, I decided to pick-up on a French writer and philosopher from the 18th century—Voltaire.

I like this writer because he introduces a new kind of thought; at his time it was like a revolution and that's what I like. He broke the traditional rules of writing and thinking and that makes progress. In his book *Candide*, he dares to criticize almost everything; the monarchy and of course the King, religion, slavery and also the weakness and debility of man. What I really appreciate is he didn't limit himself to criticize, but he also gave many solutions to many problems.

Because of what he wrote he had a lot of problems with the King, but he always managed to resolve these problems; that's what makes the difference between him and other writers who also tried to introduce that type of idea, but didn't succeed.

Voltaire wasn't a perfect man, but he took a new step by considering what the human rights should be. Years later even though he was dead, he probably lead a lot of people to the French Revolution!!
Bruno Garcia-France.

It is very difficult for me to talk to you about a hero since I have never had a special one. I have always believed everybody has special qualities to redeem themselves in any camp you have known. It may be a question of luck, support or interest. I believe everything grows around God and according to this I try to justify all my actions. I believe God is the most and only perfect one and because of this I may call him my hero, though I do not try to imitate because I know that it's impossible, I try to follow the road of most value. I admire many things in persons, not necessarily famous. I admire the love among the serious and the union of families, Especially mine, and more now that I am far away from them. Perhaps it's like the saying "We don't value what we have until we lose it." I admire the beauty of a lot of things, I also admire the people who express their sentiments in poetry, the alcoholic who has the valor to leave alcohol and I admire each special thing I see in a person, but I will repeat to you I don't have a hero in a person, since a person may find someone equal or superior; but after God ... nobody.

Claudia Harcela Hojica
Columbia

When I was assigned to write about my hero, I was involved in a great deal of trouble, since I didn't have any image of a hero. After thinking, I noticed there is a lot of men who should be a hero in Japan.

Emperor Jinmu could be one. He unified Japan 2650 years ago.

Ietsu Takugawa, in the 14th century, made a united Japan out of the many warring countries that made up Japan at that time.

The present Emperor, Hirohito, is the one hundred and twenty-fourth to occupy the Imperial Throne, and has been Emperor for fifty nine years.

The Ultraman saved Tokyo hundreds of times from hundreds of monsters.

Well, I cannot say who I admire the most. Everyone was great. Each one of them must have their own personalities.

But, I've never met them. I've never talked either to any of them. How could I know if he was the best? He could have been cold blooded. He might have had some kind of physical or mental problem.

I would say I'm the best. I'm the hero of my life!

Fuyuki Kameda
Japan

I think who deserves the title of hero more than any body else is my favorite singer, Claudio Baglioui. I know his name sounds completely unknown to you, but I wish you could listen to one of his songs understanding it's deep meaning. Trying to describe him to you, I say that he writes his own music and words of his songs; he is about 32 years old and he is a very popular singer in Italy and France from about 14 years.

He is a very good looking guy, but this is not the only and most important reason because of I love and esteem him so much. Listening to one of his songs, in fact, you could realize that nobody else can express feelings such as love as touching as he does. His poetry, when he sings is just marvelous full of emotions and of the real deep value of true love. He is the only one who can make you dream or remember the most special scene of love you ever had.

Thinking about my Italian hero I couldn't anyway, forget to mention my favorite, wonderful soccer team "Roma".

CLUMBSY CUSTARD HORROR SHOW AND ICE CREAME CLONE REVIEW

"The Clumby Custard Horror Show and Ice Cream Clone Review" which was performed by the Quartz Hill High Drama Club was a smash hit with students, and at each performance there was standing room only. The play was about the land of ZOB, whose Princess was kidnapped by an evil villan. The Princess was eventually rescued by a hero who asked for her hand in marriage. The play was directed by Patricia Kemper and Mrs. Mouring.

The cast: Jennie Knox, Jerry Wright, Mario Watson, Tracy Nelson, Raymy Krumrei, Marcello Carvalho, Rita Springer, Gary Stephenson, Cathryn Beeks, Dayna Witte, Wendy Anderson, Eric Buchs, Eric Nelson, Marie VanVelsir, Wendy Finer, Bruno Garcia, Victor DeSoyza.

Opposite Page: 1. Swashbuck Valporiso (Jerry Wright) with Worfle (Mario Watson) and their "spell break" book. 2. Dacron Marcello Carvalho captures the young Princess (Tracy Nelson) and holds her hostage. 3. King Dumb (Raymy Krumrei) in all of his glory. 4. "I hear bells ringing." 5. "Friends, Romans, and countryman."

QHHS NEWS MAKERS...

Quartz Hill High school had a few news makers this year. With Aaron Emanuel, being a senior this year, he had to make a choice - U.S.C or Nebraska. Calling a press conference Aaron, with the approval of USC football coaches, made his choice- USC. Aaron wasn't the only one who worked hard. Tina Christensen a Senior at QHHS, went to Brazil for a year as a Foreign Exchange Student. Tina got the chance to experience a different culture and meet many

new people while in Brazil. And the one that effected everyone left us with 22 inches of snow. It lasted for over 3 weeks allowing an extra long vacation for unsuspecting students and faculty alike.

Aaron Emanuel opts to fight on for old SC

When Aaron Emanuel, a senior at the old South Carolina High School, was asked if he would like to fight on for the old SC, he said yes. Emanuel, who is a member of the old SC, was asked if he would like to fight on for the old SC. He said yes. Emanuel, who is a member of the old SC, was asked if he would like to fight on for the old SC. He said yes.

The Sports Column

E. ready for SC

Life as an exchange student is very different than life in Quartz Hill. Sao Paula Brasil is the fourth largest city in the world, that alone is a big different from Quartz Hill. In Brasil most high schools are private and the students need to pass all of their classes in order to pass the school year. In order to go to college the students need to pass a really hard test. Your high school grades don't have anything to do with entering college. The only way to get to college is by taking this big test.

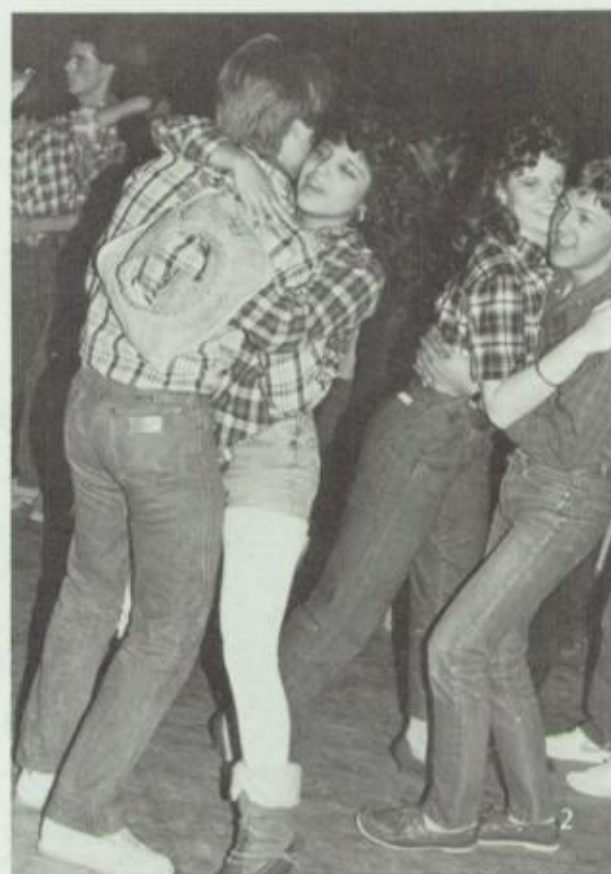

There are many differences between these countries, but the people are basically the same.

CULTURES ARE SHARED AT SADIE HAWKINS AND INTERNATIONAL WEEKEND

International Weekend was a wonderful experience for Quartz Hill students as well as for A.F.S. students. The A.F.S.ers arrived Thursday night and on Friday they went to Edwards Air Force Base for a tour. That night everyone took part in the Sadie Hawkins Dance. It was a new and exciting experience with a Video D.J. Saturday the students enjoyed Devils Punch Bowl and in the evening the whole family went to a pot luck dinner, where the A.F.S.ers put on a talent show. Afterwards the students went roller skating. On Sunday the A.F.S. people had to leave, but they left behind them many new friends.

THIS IS THE SIGN OF THE TIMES

There were seventeen Lip Sync Participants for the 1985 Lic Sync. The sounds ranged from Bruce Springsteen to the Go-Go's with the masters of ceremonies being Donny and Marie Osmond and Sonny and Cher. All the bands mimicked the style of their favorites with costumes and gestures. There was a show of good sportsmanship from the audience and much "guts" from the participants!

The Drama Club is a club consisting of students interested in the world of Dramatic Arts. They discussed ways to make money to put on plays they thought other students would enjoy. The club has also been trying to raise money to go on a trip to L.A. to watch some major production plays.

The GATE (Gifted and Talented Education) class focuses its curriculum on "Science and Society." Mr. Hague and Mr. Simonds, GATE Coordinators, have succeeded in their efforts to promote discussion and debate among the students on various issues; to design experiments for the students to perform; and to help students form their own opinions.

KEY; S.C.S.T.

The Key Club is a community service organization. They were very active this year sponsoring the first-ever key club dance and holding their annual blood drive in which they collected the second most pints in Quartz Hill's history. Other events include helping with the Special Olympics and visiting Mayflower Gardens.

The School and Community Service Team is an organization often referred to as "sound crew." Their responsibility is to provide sound and lighting at various school and community activities. Among these are lip sync, school plays, assemblies, and the Miss. Quartz Hill Pageant. They also provide security and crowd control at football games.
